### **101 Mission of Village of Bedford Park**

The Mission of the Village of Bedford Park is to provide efficient, fiscally responsible municipal government to preserve and enhance the residential, commercial and industrial environment provided by our predecessors and promoted to our future.

### **102 About Bedford Park**

The Village of Bedford Park is an Illinois Home Rule community. The Village is part of an Illinois enterprise zone, and is also an integral partner of the Illinois and Michigan Heritage Canal Corridor.

Many industrial organizations settled in this area, including Corn Products Corporation. The industry prospered over the years, and the district currently is home of many well-known international companies. Early in the Village's history, the issue of housing employees close to

their work was addressed by a subdivision – which latter became the residential area of Bedford Park.

Corn Products, whose first president was E.T. Bedford, built the first housing units as a project for company employees. As the employees purchased homes and moved into the community, they brought with them a sense of organization, enthusiasm, and energy. This ultimately led to the incorporation of Bedford Park as a village in 1940.

### **103 Village Organizational Structure**

The Village of Bedford Park incorporated as a Home Rule City in 1940 and has a president Board form of government. Home rule designation, as established in the 1970 Illinois State Constitution, allows for the Village to “exercise any power and perform any function pertaining to its government and affairs, including but not limited to, the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt.”

#### **The President Board System**

The Village of Bedford Park operates under a Mayor-Council form of government. The citizens elect the Mayor for four-year terms. The Village Trustees are elected on staggered terms. The six Trustees comprise the Board. The Mayor and Trustees comprise the legislative body of the Village and act on all ordinances, determine the general goals and establish policy for operation of the Village.

The Mayor and Council appoint the various department directors to administer the affairs of the Village.

The Mayor is the Village’s chief administrative officer. He/she acts as the agent of the Village Board in carrying out their decisions and policies in accordance with the law.

#### **Village Committees & Departments**

In addition to the Board of Trustees, the Mayor has the option to form committees to assist in the operations of the Village. These boards, commissions, or committees are created to research and then make recommendation of a single topic, or they may be standing committees. The Mayor appoints citizens, council members, and/or employees to these committees to provide advice to the Board of Trustees as a whole.

The Village of Bedford Park is organized into six departments each having a department head. Each department is responsible for providing services to the residents of the Village and to municipal employees.

- Administration – Mayor (Part-time)
  - Responsible for the operations of the Village
- Building – Planning & Inspections
  - This department is responsible for the Village’s development in conjunction with the Administrator/Mayor and Board. In addition, the department is responsible for the issuance of building permits and inspection of construction

for both new and renovated projects, code enforcement, plan review and zoning issues.

- Village Clerk
  - The Clerk's office is the repository of all official Village records, issues licenses, issues notices and the keeper of the Corporate Seal.
- Fire Department – Fire Chief
  - The Fire Department is charged with the safety and education of the Village, including fire prevention, inspection, and emergency medical services.
- Police Department – Chief of Police
  - The Police Department is charged with the preservation of public peace, prevention of crime and detection and arrest of all offenders of Penal Codes and City ordinances.
- Public Works – Public Works Director
  - Public Works is responsible for all public right of way maintenance including vegetation management. Public Works operates and maintains all Village facilities, streets, alleys and other areas as designated related to Village property.
- Treasurer
  - The department manages all financial matters, which include collection, accounting, payroll and administration of funds.
- Water – Water Department Director
  - The Water department is responsible for the maintenance of all water towers and lines, as well as the distribution of water to Village residents and other customers. The Village of Bedford Park also sells water to a number of surrounding communities; thus, this department ensures the distribution of water to our customers.

All department heads report directly to the Village administrator, mayor and to the chairperson of his or her assigned committee.

1. Policy. A full-time, non-probationary employee who becomes ill or is injured during hours unrelated to Village employment, and therefore is unable to work may be entitled to limited compensation. This limited compensation is conditioned upon the employee furnishing a written report prepared by a medical doctor indicating the nature of the illness or injury

and that the employee will be unable to work for at least twenty-one (21) days. After receipt of this report and upon the employee using his/her respective sick day allowance, the Village shall then supplement the employee's income to a sum equal to his/her actual pay less any monies that the employee receives from the Village's insurance carrier. These supplemental Village payments shall be in effect for a period not exceeding thirty (30) calendar days or upon the employee returning to work, whichever comes first, at which time all payments to the employee will cease.

2. This benefit is available to employees on a one-time, 365 day basis only, commencing upon the date of the illness or injury. For example, if an employee is injured on December 17, 1998 his or her time frame shall start on December 17, 1998 and shall end thirty (30) days thereafter or upon returning to work whichever is earlier. Said employee shall not be entitled to any more benefits in accordance with the policy until December 17, 1999. Furthermore, an employee may not bank or accumulate any benefits hereunder. For example, if an employee receives five (5) days of limited compensation for an illness or injury, he is not entitled to any more compensation until the following One (1) year anniversary of his/her illness or injury and if he/she complies with the guidelines as set forth above.
  - a. If an employee is absent because of a NON-OCCUPATIONAL sickness or accident, he/she becomes eligible for weekly benefits the first day after accident and the eighth day after sickness.
3. Doctor's Excuse. All employees who are absent from work for five (5) days or longer because of sickness or accident must present a certificate to his/her supervisor or department head stating that the employee may return to work.

## **505 Long-Term Leave of Absence**

Regular attendance is an essential function of all employment with the Village. Employment will be terminated if an employee is frequently absent or absent for an extended period or periods of time. Absences that total more than 12 months in any 24-month period may result in termination. Frequent absences of shorter duration may also result in discipline up to and including discharge. Limited exceptions to this policy will be made where required to reasonably accommodate a disability.

### **I. IMRF short-term disability.**

- A. If an employee is absent due to sickness or accident for more than thirty (30) days regardless of whether the sickness or accident is occupational or non-occupational, and IF THE VILLAGE IS NO LONGER PAYING THE EMPLOYEE A SALARY, this employee becomes eligible for I.M.R.F disability benefits, adjusted by Workmen's Compensation, if occupational.
- B. The employee's position can be filled after thirty (30) days of continuous non-occupational sickness or accident leave. The employee will be eligible to return to their position after medical certification of fitness for that job.

- C. Employees will be eligible for termination of employment after six (6) months of continuous leave for NON-OCCUPATIONAL sickness or accident leave.
- D. If an employee becomes eligible for I.M.R.F. benefits:
1. The employee is to fill out any pertinent form.
  2. The doctor is to complete a form called titled “Physicians Statement”.
  3. The office is to complete a form called “Municipality’s Certificate of Disability”.

## **506 Family and Medical Leave Act**

### ***FAMILY AND MEDICAL (FMLA) LEAVE***

Employees of the Village of Bedford Park are eligible for family and medical leave if they have at least 12 months of service, have worked at least 1,250 hours within the preceding 12-month period, and work at a worksite where there are at least 50 employees within a 75-mile radius. If eligible, an employee may be able to take up to 12 weeks of unpaid leave during a 12-month period for the following reasons:

- The birth of a child or to care for a child within the first 12 months after birth;
- The placement of a child with the employee for adoption or foster care and to bond with and care for the child (within the first 12 months after placement);
- To care for an immediate family member who has a serious health condition;
- For a serious health condition that makes the employee unable to perform the functions of his/her position; or
- If the employee experiences a qualifying exigency that arises out of the fact that a spouse, parent, or child has been called to or is on active military duty for certain operations as a member of the National Guard or military reserves.

**Military Caregiver Leave.** An employee who is the spouse, parent, child, or next of kin of a current member of the armed forces (including the regular armed forces) who was injured while on active duty may be eligible for up to a total of 26 weeks of FMLA leave in a 12-month period to provide care for that individual.

**Notice of Leave.** When requesting leave, the employee must:

- Supply sufficient information for the Village to be aware that the FMLA may apply to the leave request, as well as information regarding the anticipated timing and duration of leave;
- Provide notice of the need for leave at least 30 days in advance or as soon as practicable;
- Cooperate with all lawful requests for information regarding whether absences are FMLA-qualifying.

Failure to comply may result in leave being delayed or denied.

**Intermittent Leave.** When medically necessary, employees may take FMLA leave intermittently or on a reduced schedule basis for their own serious health condition, the serious health condition of a family member, or for military caregiver leave. Employees are required to cooperate with the Village to arrange reduced work schedules or intermittent leave so as to minimize disruption of college operations.

Qualifying exigency leave may be taken intermittently without regard to medical necessity or disruption of college operations.

Leave because of the birth or adoption of a child may not be taken intermittently and must be completed within the 12-month period beginning on the date of birth or placement of the child.

**Medical and other Certifications.** Employees must provide a medical certification if the leave request is: 1) for the employee's own serious health condition, 2) to care for a family member's serious health condition, or 3) military caregiver leave. Failure to provide the requested certification in a timely manner may result in denial of the leave until it is provided.

The Village, at its expense, may require a medical examination by a health care provider of its own choosing if it has a reasonable question regarding the medical certification provided by the employee. In lieu of a second opinion, the Village may contact the health care provider directly to clarify or authenticate a medical certification, including certifications for military caregiver leave. Separate certification may also be required regarding the nature of the family member's military service and/or the existence of a qualifying exigency.

**Fitness for Duty Certifications.** Because the Village wishes to ensure the well-being of all employees, any employee returning from FMLA leave for his/her own serious health condition will need to provide a Fitness for Duty (FFD) certification signed by his/her health care provider. An employee who fails to provide an FFD certification will be prohibited from returning to work until it is provided.

FFD certifications may be required when an employee returns from intermittent FMLA leave if serious concerns exist regarding the employee's ability to resume his/her duties safely.

**Maintenance of Benefits.** The Village will maintain group health care benefits for the employee while on FMLA leave, but the employee is responsible for paying the normal monthly contribution. If the employee elects not to return to work at the end of the leave period, the employee will be required to reimburse the Village for the cost of premiums paid for maintaining coverage during the leave period. All other benefits cease to accrue during the unpaid portion of the leave. Benefits accrued prior to leave will be maintained.

**Concurrent Leave.** Employees may be required to use any accumulated sick leave, vacation time, personal or paid time off (PTO) to the extent available during FMLA leave unless such leave is covered under workers' compensation, in which case the employee may use accumulated leave time only for the purpose of satisfying any waiting period. Absences in excess of these accumulated days will be treated as FMLA leave without pay.

**Married Couples Who Work for the Village.** If an employee and his/her spouse both work for the Village, they are both eligible for leave. The employee and employee spouse may be limited to a combined total of 12 weeks of FMLA leave in a 12-month period if the leave is taken for:

- The birth, adoption, or foster placement of a child;
- To care for and bond with such child who does not suffer from a serious health condition;
- To care for a parent with a serious health condition; or
- A combination of the above.

For military caregiver leave, the employee and employee spouse may be limited to a combined total of 26 weeks of leave in a 12-month period, including the types of leave listed above in this paragraph.

**Return from Leave.** Upon return from leave, the employee will be restored to his/her original or an equivalent position with equivalent pay and benefits. An employee who fails to return at the end of FMLA leave will in most cases be considered to have voluntarily resigned his/her position with the Village. Employees who do not return to work at the end of their leave will be terminated unless they are entitled to additional leave as a reasonable accommodation under the Americans with Disabilities Act.

**State and Local Laws.** When state and local laws offer more protection or benefits, the protection or benefits provided by those laws will apply.

## **507 Workers Compensation**

To provide for payment of your medical expenses and for partial salary continuation in the event of a work-related accident or illness, employees are covered by worker's compensation insurance. The amount of benefits payable and the duration of payment will depend upon the nature of the injury or illness. In general, however, all reasonable medical expenses incurred in connection with a work related injury or illness is paid in full.

Once an illness or injury has been determined, employees receive approximately 2/3rd of their average weekly wage after the 3rd day of absence. Compensation is determined by State and Federal regulations.

In addition to the applicable Worker's Compensation laws, the rules that apply for a Family and Medical Leave also apply to an employee off work due to a work related incident.

- I. Reporting injury. If an employee is injured or becomes ill on the job, it must immediately be reported to the supervisor or the Village President/designee. This ensures that the Department can assist in obtaining appropriate medical treatment. Failure to follow this procedure may result in the failure to file the appropriate worker's compensation report in accordance with the law, which may in turn jeopardize you're an employee's right to benefits in connection with the injury or illness. **IT IS ESSENTIAL THAT YOU REPORT TO YOUR SUPERVISOR PROMPTLY ANY INJURY, NO MATTER HOW MINOR IT MAY APPEAR AT THE TIME.**

An employee who requires immediate medical attention/ will proceed to either the nearest emergency care center or to his or her personal physician. If, after receiving medical attention/treatment, the treating physician prohibits the employee from returning to normal duty, the employee must obtain from the physician such authorization in writing. The physician's statement must contain:

- Nature of the illness/injury,
- Prognosis,
- Type of continuing treatment,
- Anticipated duration and/or expected return to work, and
- Next visit (if any)

Under no circumstances will an employee be released from normal duty without the authorization of a physician.

- II. Investigation. The immediate supervisor/designee will conduct an investigation of the work-related injury or illness. All information regarding the injury/illness, nature of injury/illness, when and where it occurred, conditions at the scene, witness statements, etc., will be gathered. The Department Head may review the report as well as the employee involved in the incident for accuracy and completeness.
- III. Benefits. Worker's Compensation will be paid in accordance with the regulations of the insurance carrier used by the Village.

While you are disabled under Worker's Compensation (for more than one week), you will not accrue any leave – vacation or sick time. Any benefits that accrue due to years of service will stop during that time you are unable to work.

If on a disability leave for more than one week, but less than six months, the Village will continue to pay for your medical insurance, long-term disability and life insurance premiums. If you have any other Village provided benefits, the status of these will be dependent upon the duration of the leave as determined by the Village President/Administrator.

The making of a false worker's compensation claim is a violation of Illinois' criminal code, which can result in a fine and imprisonment and will result in an employee's termination of employment.

Anyone who engages in any other employment while on leave for a work-related injury will be terminated.

- IV. Communication with supervisor. It is the responsibility of the employee to provide written authorization of time off after each treating physician appointment in order to remain off of work. Further, it is the responsibility of the employee to keep one's supervisor informed of the next physician visit, prognosis of treatment, and anticipated return to duty.
- V. Light Duty. This policy provides for temporary assignment of alternate work duties to employees who have sustained an injury or illness (while on or off duty) that prevents them from performing their normal job duties. Light duty maintains a level of activity, which is productive, serves a therapeutic purpose, and quickens an employee's return to full duty. The Department Head and/or Village President/Administrator will be the determinate if the individual's illness/injury allows them to perform light duty, or if there is sufficient light duty work. Assignments will be at the discretion of the Department Head and/or the Village President/Administrator, with consent of the Village Board within the limitations set forth by your physician. Light duty work may be performed in a department that is different from one's regular department.

In the event no assignments are available, the employee will be placed either back on worker's compensation leave, or a leave of absence.

Light duty assignments do not create a regular employment opportunity, and is in-fact, made as a temporary assignment only, which will terminate at the conclusion of a specified time period. Such time period will not exceed six (6) months in duration. The Department Head and the Village President/Administrator will review this assignment every thirty (30) calendar days.

- VI. Return to work. You will not be able to return to normal duty from a work-related injury/illness until authorization is received from the treating physician. Subject to review by village physician.
- VII. Forms. Current worker's compensation forms can be found in Appendix C.

An employee is not entitled to bereavement pay any day(s) he/she receives sick pay, vacation pay, and holiday pay or is otherwise being paid by the Village. All village employees that are members of the uniformed services must notify their supervisors in writing of their branch of service and contact information for their unit/company commander. Also, a military basic pay schedule must be turned in to the office at least annually or any time there is a change in pay (promotion, anniversary...). This will assure the employee of prompt and proper military differential pay in the event of deployment. The employee must also turn in a schedule of monthly and annual training dates as soon as possible upon receiving the schedule from the company commander.

### **Military Leave of Absence**

The employee shall receive regular compensation minus the amount of their base military pay.
2. Extended Military Leave. The employee shall receive regular compensation minus the amount of their base military pay.

### **Procedures for Military Leave**

Written prior notice to the department supervisor is preferred, although verbal notice is sufficient under the statute. The Village prefers that employees provide as much advance notice as possible, but recognizes that circumstances arise where employees do not receive notice from the service until the last minute. No specific amount of advance notice is required, but *the notice must be given before leaving their employment assignment*. Prior notice is not required in those rare cases where precluded by military necessity or otherwise impossible or unreasonable.

#### Temporary Military Leave.

1. The procedure for personnel who are attending drill/annual training or other orders for a period of less than 30 days will be for the employee to contact their department head and make written notification of requested leave in a reasonable time to allow the department to adjust scheduling. Drill orders must be turned in to the supervisor upon returning for work for the leave to be approved as paid. The employee shall have the option of using accrued sick time to cover drills and/or annual training.

#### Extended Military Leave.

the military duty, unless the employee is prevented from doing so by military necessity. Employees are requested to provide such notice within 30 days of active military service. Failure to provide adequate notice may render the employee ineligible for the rights and benefits described in this policy.

2. To request an extended military leave of absence, the employee should, unless prevented from doing so by military necessity, submit a written request for military leave of absence. The request should state the last day the employee will be available to work and the anticipated date of discharge.
3. The department supervisor shall review the leave of absence request and forward a copy to the Village Clerk's office for insurance and payroll purposes. **The request does not need to be approved and cannot be denied.** As a matter of record the department supervisor shall forward the request to the village board for approval at the next board meeting.

He/She has the right to reemployment, but will be subject to disciplinary action for one day of unexcused absence.

The employee must meet the same criteria as all other employees to be eligible to challenge the exam.

### **Entitlements of Returning Disabled Veterans**

Some employees who have been called to serve may return with temporary or permanent physical limitations resulting from service connected injuries or illness. In such a situation the Village is required to make *reasonable accommodations* in equipment, scheduling, etc. in order to enable the employee to perform duties of his/her escalated reinstatement position (the position that would have been attained if continuously employed). Of course, some disabilities cannot be accommodated. If the employee cannot be reinstated in the escalated reinstatement position, he/she is entitled to reinstatement in some other position, the duties which he/she can perform despite the limitations. The employee will be asked to sign the correction indicating receipt of a copy, and a copy will be placed in the employee's personnel file. This step may include a Performance Improvement Plan, where the specific behavior is documented; action steps to correct the behavior are outlined within a specified time frame.

Suspension without pay-If the written correction does not ameliorate the problem; an employee may be suspended without pay. The Village President/designee must approve the suspension without pay. The suspension without pay will be for a period of not more than five (5) days consecutive calendar days.

Termination-When all means of discipline has been used, or when the offense justifies such action, the employee may be terminated. The Village President/designee must review all recommendations of termination. Management reserves the right to enter into any level of disciplinary action or termination based on the severity of the offense and the member's past work record.

Disciplinary Action Appeals-If an employee is the subject of a progressive disciplinary action, the employee is first encouraged to discuss the action with your immediate supervisor and/or Department Head. If after such discussion, or attempted discussion, the employee does not feel the matter is resolved, the employee may initiate the appeal procedure.

All Village employees have the right to appeal a disciplinary action to the next level supervisor. After the Department Head, the appeal should be directed to the Village President/designee.

An employee has the right to appeal to the Village Council. The Council will conduct a hearing regarding the facts and information leading to the disciplinary action taken. The hearing is fair and impartial and you will be given an opportunity to present your defense. The Village Board is the final decision authority regarding the disciplinary appeal proceeding. See ordinance and employee relations committee information in ordinance.
